**MARKET RELEASE**

**1 July 2010**

---

**ROCKLANDS GROUP COPPER PROJECT**  
**JORC RESOURCE UPDATE**

The new update of the Rocklands Resource was originally being calculated to contain all of the geological data available at September 2009.

We are now advised the new Updated Resource due soon will contain all of the Geological Data on the entire copper prospects at Rocklands for calculation up until mid April 2010.

The nett effect is an additional 6 months of drilling and exploration data to be incorporated in the new Resource Update.

Yours faithfully

Wayne McCrae  
Chairman
